## What to bring/ pack

- If you are coming during the winter months, we advise that you pack warm clothes, even though our lowveld weather is lovely compared to other places this time of year. It can get chilly in the evenings as the camp is situated next to the river.
- Feel free to bring your bicycles and walking shoes along as trails for these activities will be pointed out to you. We are not a Big 5 reserve, which makes these activities possible, but children must be accompanied by adults at all times on these outings.

## Camp Rules

(Failing to comply with these rules will result in penalties)

- NO pets allowed.
- DO NOT feed any animals,
- Ensure that all doors are closed (kitchen and rooms) and no food is left outside when leaving on your game drive.
- Directors chairs around the camp fire must be placed under the roof in the evenings when everyone retreats for the night, as rain or embers from the fire can cause serious damage to them.
- NO vandalizing behavior of any sort will be tolerated. Not only regarding property at the camp, but also to any natural surroundings for example trees, nests, anthills etc.
- NO smoking is permitted inside the rooms
- No cigarette buds are allowed to be disposed of anywhere other than the ashtrays provided. Failing to do so poses a serious threat to the bush and the buildings, seeing as they all have thatched roofs.
